EXHIBIT Z

Dear Resident,

In an effort to provide you with updated information regarding the flooding that many have experienced in your neighborhood, the City of Parma Heights will be holding a public meeting at 7 p.m. on Wednesday, May 1 at the Cassidy Theatre (located in the Greenbrier Commons, 6200 Pearl Road).

Multiple stormwater flow monitoring and analysis projects have been completed over the last two years. These projects have provided the support information necessary for the city to secure a \$1 million grant from the Northeast Ohio Regional Sewer District (NEORS). This funding will go toward the construction of a regional stormwater management basin located at Nathan Hale Park.

The proposed stormwater management basin will lessen the burden on the existing storm sewers and, as a result, reduce the occurrence and severity of flooding. The City Engineer will be present to answer questions.

We appreciate your continued patience and understanding. Please feel free to call City Hall at 440.884.9600 if you have questions or concerns.

Sincerely,

Michael P. Byrne
Mayor
