WHEREAS, the Ohio Department of Administrative Services has established a state bid contract price for the patrol vehicles at \$47,420.00 per vehicle, and for the unmarked bureau vehicle at \$48,080.00, as identified in Exhibit "A" attached hereto; and

WHEREAS, one of the above-described patrol 2026 Dodge Durango Pursuits shall be assigned to the School Resource Officer for school safety purposes; and

All deliveries shall be effected per bid commitment. Failure to meet delivery requirements may be cause for cancellation, only with the approval of the Office of Procurement Services.

1.5.5 - MANUFACTURERS PRODUCTION TERMINATION NOTICE (BUILD-OUT):

- A. The contractor is required to notify the Office of Procurement Services when build out dates and dealer order cutoff dates are released by the manufacturer. A build out schedule is listed in the Contract to assist entities in planning vehicle purchases. With build out notification, the contractor must provide the status of pricing: price protection (maintaining current prices for the next model year) or the proposed new model year pricing. If new model year pricing is unknown at the time of current model year build out, the Contractor must communicate that pricing is to be determined (refer to Section 3.4 of this document for model year and model year pricing updates). Failure to provide timely notification may result in breach of contract.
- B. Orders prior to manufacturer production termination notice (build-out date): All orders placed against any contract resulting from this bid, shall be provided to the contractor no later than the manufacturer's build-out date, which in the past is usually around March, but may be much earlier. Agencies will be notified of these dates but are urged to submit their orders as quickly as possible after receipt of the contract.
- C. All orders received and accepted by the contractor on, or prior to, the build-out date shall guarantee delivery of the vehicle as described on the purchase order at the Contract price. In the event the manufacturer cancels a confirmed order placed by an ordering agency due to the model year build-out, the contractor must notify the ordering agency immediately and provide evidence of manufacturer cancellation. If the contract has been amended to include the next model year with approved pricing, the ordering agency may opt to proceed with their order for the new model year at pricing approved in the contract. The ordering agency should confirm in writing to the contractor that they want to proceed with the next model year. The contractor should attempt to maintain the ordering agency's place in line if the next model year is ordered.
- D. Any order received by the contractor after the build-out date will be subject to availability. The contractor reserves the right to accept or reject these orders. The contractor will be required to notify the ordering agency, within five (5) working days, after the purchase order has been received by the contractor, whether the purchase order will be accepted or rejected. If the purchase order cannot be accepted it shall be returned to the ordering agency by the contractor. Once accepted, the contractor shall be required to fulfill the order. Failure to do so may result in the ordering agency purchasing a comparable vehicle from another source. The contractor will be held liable for any difference in price.

1.6 NOTES:

2 - STANDARD TERMS AND CONDITIONS

The State of Ohio [Standard Terms and Conditions](#) (revised 03/31/25) govern this Contract and are incorporated as if fully rewritten herein.

3 - CONTRACT SPECIFIC TERMS AND CONDITIONS

3.1 - ORDER OF PRIORITY:

The order of priority of the Contract will be the following: 1.) Specifications and Requirements; 2) Contract Specific Terms and Conditions; 3) Standard Terms and Conditions.

3.2 - AMENDMENT TO CONTRACT TERMS AND CONDITIONS:

The following Amendments to the Contract Terms and Conditions do hereby become a part hereof. In the event that an amendment conflicts with the Contract Terms and Conditions, the Amendment will prevail.

3.3 - BRAND SPECIFIC:

The items listed are being bid by specified manufacturer brand pursuant to Ohio Administrative Code 123:5-1-10 (D)(6). No other brands of products will be acceptable.

3.4 - FIXED PRICE WITH ECONOMIC ADJUSTMENT FOR MODEL YEAR UPDATE:

The contract prices(s) will remain firm at the listed price(s) for the model year awarded for the duration of the contract. Upon notification of the Model Year Build out of the Model Year awarded, the Contractor may submit a request to roll over current pricing to the next model year or increase their prices for the next model year of the Make/Model awarded, to be effective thirty (30) calendar days after acceptance by DAS. If pricing is unknown at the time of build out notification, Contractor can request the price adjustment as soon as that information is available. Contractors must submit price increase requests for the next model year of Make/Model awarded no later than 90 days prior to the end of the current contract. No price adjustment will be permitted prior to the effective date of the increase received by the Contractor from its suppliers, or on purchase orders that are already being processed, or on purchase orders that have been filled and are awaiting shipment. Price adjustments due to manufacturer cancellation require Agency approval (see Section 1.5.5.C). If the Contractor receives orders requiring quarterly delivery, the increase will apply to all deliveries made after the effective date of the price increase.

The proposed model year price increase must be justified by providing the updated manufacturer's pricing for the next model year. The proposed percentage price increase for the new model year contract item must not exceed the manufacturer's MSRP percentage price increase year over year. Optional equipment item pricing updates can only be updated with the new model year update information and must not exceed the manufacturer's MSRP percentage price increase year over year. Supportive documentation should include but is not limited to: copies of the old and the current price lists or similar documents which indicate the original base and options cost of the product to the Contractor and the corresponding increase, and/or copies of correspondence sent by the Contractor's supplier on the supplier's letterhead, which contain the above price information.

Should there be a decrease in the cost of the finished product due to a general decline in the market or some other factor, the Contractor is responsible to notify DAS immediately. The price decrease adjustment will be incorporated into the contract and will be effective on all purchase orders issued after the effective date of the decrease. If the price decrease is a temporary decrease, such should be noted on the invoice. In the event that the temporary decrease is revoked, the contract pricing will be returned to the pricing in effect prior to the temporary decrease. For quarterly deliveries, any decrease will be applied to deliveries made after the effective date of the decrease. Failure to comply with this provision will be considered as a default and will be subject to the "Suspension/Termination" and the "Contract Remedies" sections of the "Standard Contract Terms and Conditions."

3.5 - OPTIONS PRICING NOTE:

Options prices bid are to be less than the manufacturer's suggested retail price(s) (MSRP). Bidder signifies by the completion of "Bid Certification" in their response that the option prices bid are less than MSRP. Bidders found to be over charging for options during bid evaluation may have those options deleted from any award. Bidders found to be over charging for options at the time of invoicing will be required to submit corrected invoices reflecting proper pricing.

Bidders must indicate whether an option item is included with the base unit, no additional charge, not available, or a price for the option. On the Item Grid, the following must be used to indicate one of those choices:

- Included with base unit or available at no additional charge: On the Item Grid, enter \$0.00
- Not available: On the Item Grid, mark 'Yes' in the Decline column
- Price: On the Item Grid, enter the dollar value

3.5.1 - REQUIRED OPTIONS:

Line items with a value greater than 0 in the "Units to Evaluate" are Required Options. Failure to offer a Required Option may deem your bid response not responsive and ineligible for award. Bidders must either, indicate the Required Option is included with the base unit or available at no additional charge by entering \$0.00, or providing a price. Bidders that decline a Required Option or respond with no cost but cannot provide this item may be deemed not responsive and ineligible for award.

If an option is not available as original factory equipment and is supplied as an aftermarket item, the Dealer Part Number field is to include an "AM" designation.

3.5.2 - ADDITIONAL OPTION PACKAGES:

Bidders may elect to supply pricing for popular or common option packages not included as a required options on the Item Grid. Additional option packages quoted will be made available to the ordering entities at the discretion of DAS, as part of the Contract.

3.5.3 - UNSPECIFIED OPTION PRICE:

Unspecified option price is the percentage above the manufacturer's invoice cost that is used to calculate unit cost for non-specified optional equipment required by an ordering entity.

Any option not specified on the Item Grid will be made available to the ordering entities, following Contract award and DAS approval, at the Unspecified Option Price. Bidder is to specify the percentage on the Specification Identification, Unspecified Option Price, & Delivery form and attach form via Questionnaire. If no Unspecified Option Price is provided by the Bidder, the State will assume that the price will be equal to the manufacture invoice. The Unspecified Option Price specified by the Bidder will not be used in the vehicle evaluation.

3.6 - TRANSPORTATION CHARGES:

Any items(s) ordered from this Contract shall be delivered F.O.B. destination to any state agency or any political subdivision located within the State of Ohio as stated on the purchase order, at the rate per mile, per vehicle delivery charge as listed on the item page. When generating orders, contact the contractor and establish the total round trip miles for one (1) vehicle from dealers location, using the State of Ohio Official Highway Map, unless some other mutually agreed upon method is acceptable.

3.7 - MINIMUM DELIVERY CHARGE:

This charge is to be used when the rate per mile per vehicle, as listed on the catalog, times the number of round-trip miles is less than the minimum delivery charge. The contractor may not bill for both the rate per mile, per vehicle and the minimum delivery charge.

3.8 - PLACEMENT OF ORDERS:

Ordering entities are strongly encouraged to place orders as early as possible in the model year. Purchase orders for any item(s) listed in a contract, awarded pursuant to this bid, will be placed directly with the contractor(s) by the using agency. No order shall specify delivery to exceed thirty (30) days beyond the expiration and/or cancellation date of the contract.

3.9 – PURCHASE ORDERS:

The Purchase Orders for item(s) listed in this Contract will be placed directly with the contractor by the ordering agency. All purchases, made by state agencies only, will be placed using either the official State of Ohio Purchase Order or, by a purchase order issued by the State's third-party financing administrator. The State will not be obligated to pay for purchases of any supplies or services, made by any other method. No order shall specify delivery to exceed thirty (30) days beyond the expiration, termination, or cancellation date of the Contract. A Purchase Order will authorize the contractor to provide the required supplies or services and, upon delivery, acceptance and submission of a proper invoice, will obligate the ordering agency to pay for the supplies or services furnished by the contractor.

When applicable, purchase orders may be placed for delivery to the agency on a quarterly basis. Any orders issued prior to the expiration, termination, or cancellation date of the Contract, which require delivery up to ninety (90) days beyond the approved expiration, termination, or cancellation date are to be fulfilled by the contractor.

ALL purchase orders placed against this Contract are to contain verbiage exactly as to how the title, delivery instructions, etc. are to read, i.e.:

TITLE TO:	SHIP TO:	BILL TO:
AGENCY TAX NO. _____		
AGENCY _____	_____	_____
ADDRESS _____	_____	_____
CITY/STATE _____	_____	_____
COUNTY _____	CONTACT _____	
TELEPHONE _____		

3.10 - SUBMISSION OF INVOICES:

Refer to the Standard Contract Terms and Conditions; IV, Order and Payment Provisions. Invoices will not be issued prior to receipt of a purchase order.

3.11 – PAYMENT:

During the term of this Contract, a third-party financing option will be made available to State agencies only; not to political subdivisions. The contractors (dealers) will be notified by the State to review the order to pay process utilized by the third-party administrator. Contractors will continue to receive payment in full; either from the State or the third-party administrator. If payment is received from the third-party administrator, the title to the vehicle is to (may) be forwarded to the third-party administrator. If a third-party administrator is used for payment, there could be a delay in receipt of payment.

It is unknown which agencies may purchase through a third-party administrator or quantity of vehicles being purchased. This payment method may increase the number of vehicles purchased. Electronic Funds Transfer

(EFT) may be used as payment method with mutual agreement between the third-party financing administrator and the dealer.

Payment will be issued once full order is completed and vehicles are delivered to ordering agency.

3.12 - CANCELLATION AFTER ORDER CONFIRMATION:

If an ordering agency needs to cancel any units due to agency error (wrong vehicle, over purchase, discontinued use, inventory reduction, etc.) after receiving the confirmation from the factory as described in Section 1.5.1, Delivery, the contractor may accept or reject the cancellation. If the contractor accepts the cancellation, they may charge a fee of up to \$1,000.00 per vehicle cancelled to recover costs for reselling the vehicle.

3.13 – SERVICE:

The vehicle will be completely dealer serviced and conditioned as per the manufacturer's pre-delivery recommendations and all equipment is to be completely installed with all adjustments made which are required to prepare the vehicle for immediate and continuous operation upon delivery. This requires that all fluids are filled to their maximum levels unless otherwise defined. Unit shall conform to all current Federal Safety Regulations including OSHA.

3.14 - SERVICE POLICY:

The successful bidder shall furnish with each vehicle delivered, or within three (3) days after delivery of the vehicle, the Manufacturer's Owner Service Policy. In addition, the Owner's Service Policy shall be recognized and accepted by all authorized dealers within the boundaries of the state of Ohio regardless of the location of the District or Regional Headquarters under which the vehicle operates.

3.15 - CERTIFICATE OF TITLE:

The contractor must submit application for certificate of title within one (1) business day after delivery of vehicle(s) has been made to the ordering agency. The title shall be delivered within fifteen (15) days after delivery of vehicle(s) to the ordering agency.

3.16 - AGENCY REGISTRATION:

The contractor shall furnish the Title Documents for each new vehicle and deliver same to the department ordering the vehicle, unless otherwise specified on purchase order. The contractor shall deliver with the necessary papers a \$15.00 per vehicle filing fee at time of vehicle(s) delivery to any agency authorized to complete their own title registration.

3.17 – ADVERTISEMENT:

Dealer name-signs shall not be affixed to any part of the delivered vehicle.

3.18 - DEALER LICENSE:

Contractor must be licensed to sell motor vehicles in the State of Ohio pursuant to ORC [4517.12](#). DAS may ask for proof of a dealers license/permit.

The Bidder should submit their dealer license/permit issued by the State of Ohio with their bid response. If not provided as part of the bid response, the Bidder must provide said dealer license within seven (7) calendar days after request/notification by the Office of Procurement Services. Failure to submit the dealer license within the stated time period may result in the bid response being deemed as not responsive.

3.19 - AUTHORIZED DEALER STATEMENT:

Bidders responding to this Invitation to Bid must be an authorized dealer or manufacturer of the products they are bidding. Bidders should submit a letter with their bid response certifying that they are the manufacturer or an authorized dealer of the manufacturer of the products being bid. This certification must be on the manufacturer's letterhead and must be signed by a duly authorized manufacturer's representative. If not provided as part of the bid response, the Bidder must provide said statement within seven (7) calendar days after request/notification by the Office of Procurement Services. Failure to submit the certification letter within the stated time period may result in the bid response being deemed as not responsive.

3.20 - SALES LICENSE:

Contractor must be licensed to sell new motor vehicles pursuant to ORC [4517.01](#) and [4517.02](#).

DAS may ask for proof of a salesperson's license after bid opening if not provided at bid opening. If requested, the Bidder will have seven (7) calendar days to respond.

If the owner/partner who is listed on the dealer's license is selling to the State, rather than a salesperson, an affirmation letter stating this must be provided in lieu of a salesperson license.

3.21 - ENERGY POLICY ACT:

The Energy Policy Act was signed into law in 1992. Under the act, state and federal government fleets must begin phasing in alternative fuel vehicles as replacements for petroleum fuel vehicles. The act recognizes methanol, ethanol and other alcohol-gasoline blends, natural gas, liquefied petroleum gas and other fuels as sources of replacement ("reformulated gasoline" and 10% ethanol are excluded from the definition of alternate fuels).

3.22 - COOPERATIVE PURCHASING CONTRACT:

This Contract may be utilized by Cooperative Purchasing Members. "Cooperative Purchasing Members" or "Co-op Members" are entities that qualify for participation in the State's cooperative purchasing program under Section 125.04 of the Ohio Revised Code ("ORC") and that have completed the steps necessary to participate in that program. They may include Ohio political subdivisions, such as counties, townships, municipal corporations, school districts, conservancy districts, township park districts, park districts created under Chapter 1545 of the ORC, regional transit authorities, regional airport authorities, regional water and sewer districts, and port authorities. They also may include any Ohio county board of elections, state institutions of higher education, private fire companies, private, nonprofit emergency medical service organizations, and chartered nonpublic schools.

If a purchase is made from this Contract by an entity that is not properly registered with the State's Cooperative Purchasing Program, it may be a violation of law, may be contrary to the entity's competitive bidding requirements, and will be a breach of this Contract by the Contractor. If a Cooperative Purchasing Member relies upon this Contract to issue a purchase order or other ordering document, the Cooperative Purchasing Member "steps into the shoes" of the State under this Contract. The Cooperative Purchasing Member's order and this Contract are between the Contractor and the Cooperative Purchasing Member. The Contractor must look solely to the Cooperative Purchasing Member for performance, including payment. The Contractor agrees to hold the state of Ohio harmless with regard to Cooperative Purchasing Member's orders and Cooperative Purchasing Member's performance. DAS may cancel this Contract and may seek remedies if the Contractor fails to honor its obligations under an order from a Cooperative Purchasing Member.

3.23 - CONTRACTOR QUARTERLY SALES REPORT:

The Contractor must report the quarterly dollar value (in U.S. dollars and rounded to the nearest whole dollar) of the sales to Cooperative Purchasing Members under this Contract by calendar quarter (e.g. January-March, April-June, July-September and October-December). The dollar value of the sale is the price paid by the Contract user for the products and/or services listed on the purchase order or other encumbering document, as recorded by the Contractor.

To submit this quarterly sales report, the Contractor is responsible for obtaining access to Ohio|Buys and must report the quarterly dollar value of sales to Cooperative Purchasing Members to the Department of Administrative Services (DAS) via the Internet using Ohio|Buys at the following web address supplier-emarketplace.ohio.gov. If no sales occur, the Contractor must report zero. The report must be submitted no later than thirty (30) days following the completion of the reporting period.

The Contractor shall also submit a close-out report within one hundred and twenty (120) days after the expiration of this Contract. The Contract expires upon the physical completion of the last outstanding task or delivery order of the Contract. The close-out report must cover all sales not shown in the final quarterly report and reconcile all errors and credits. If the Contractor reported all contract sales and reconciled all errors and credits on the final quarterly report, then the Contractor should show zero "0" sales in the close-out report.

If the Contractor fails to submit sales reports, falsifies reports or fails to submit sales reports in a timely manner, DAS may terminate this Contract.

3.24 - CONTRACTOR REVENUE SHARE:

The Contractor must pay to the State a share of the sales transacted under this Contract as a fee to the State to cover the estimated costs the State will incur in administering this Contract and the Services offered under it ("Revenue Share").

The Contractor must remit the Revenue Share in U.S. dollars within 30 days after the end of the quarterly reporting period. The Revenue Share that the Contractor must pay under this Contract equals $\frac{3}{4}$ of 1% of the total quarterly sales reported. The Revenue Share must be included in the prices reflected in any order and

reflected in the total amount charged to the State, and the Contractor may not add a surcharge to orders under this Contract to cover the cost of the Revenue Share.

The Contractor must remit any amount due as the result of a quarterly or closeout sales report at the time the quarterly or closeout sales report is submitted to the Department of Administrative Services, Office of State Purchasing. To ensure the payment is credited properly, the Contractor must identify the payment as a "State of Ohio Revenue Share" and include this Contract number, total report amount, and reporting period covered.

Contractor will pay the Revenue Share by check remittance, both normal and overnight, credit card payment via the State's epayment portal, or ACH payment, if approved by the State, using the instructions below

Check remittance:

Follow the remittance instructions on the required Quarterly Sales Report and Revenue Share Remittance Form at the following link, <https://das.ohio.gov/revenueshareform>

Credit Card Payments:

To pay by credit card, use the following link, <https://epay.das.ohio.gov/Payment> , select "Revenue Share" as the payment type and follow the on-screen prompts.

ACH Payments:

If this payment method is approved by the State, the State will provide payment instructions to Contractor.

If the full amount of the Revenue Share is not paid within 30 days after the end of the applicable reporting period, the non-payment will constitute a contract debt to the State. The State may setoff any unpaid Revenue Share from any amount owed to the Contractor under this Contract and employ all other remedies available to it under Ohio law for the non-payment of the Revenue Share. Additionally, if the Contractor fails to pay the Revenue Share in a timely manner, the failure will be a breach of this Contract, and the State may terminate this Contract for cause as set forth herein and seek damages for the breach.

4 - INVITATION TO BID INSTRUCTIONS

[Instructions, Terms and Conditions for Bidding](#) that apply to the solicitation.

5 - SPECIAL INSTRUCTIONS TO BIDDERS

5.1 – DELIVERY:

Supplies will be delivered to the participating agency within the timeframe noted on the contract for the item after receipt of order. The delivery location will be noted on the purchase order issued by the participating agency.

5.2 - CONTRACT AWARD:

The contract will be awarded to the lowest responsive and responsible bidder by line item.

5.3 – EVALUATION:

Bids will be evaluated in accordance with Article I-15 of the "Instructions to Bidders". In addition, the State will evaluate the bid based on the total item cost, which equals the estimated number of units multiplied by the unit bid price plus the appropriate delivery charge. If estimated usages are unknown a quantity of one (1) will be used for the evaluation. If there is no "delivery charge per mile round trip map mileage rate" supplied or, the calculated value of the delivery charge is less than the minimum delivery charge, the minimum delivery charge will be used for evaluation purposes. The State reserves the right to reject the "per mile" delivery charge or the "minimum" delivery charge if it is determined to be excessive.

Example Calculation:

Total Item Cost = [(vehicle unit price) x (estimated number of units)] + [(delivery charge per mile round trip x 300) x estimated number of vehicles]

5.4 - DESCRIPTIVE LITERATURE:

The Bidder may be required to submit descriptive literature of the supplies or services being offered. If requested, the literature will be used in the evaluation process to determine the lowest responsive and responsible bidder. If not provided as part of the bid response, the Bidder must provide said literature within seven (7) calendar days after request/notification by the Office of Procurement Services to do so. Failure of the bidder to furnish descriptive literature either as part of their bid response or within the time specified herein may deem the bidder not responsive.

Ohio State Contract No. RSI033143, Contract ID: 33143
Greve Chrysler Jeep Dodge of Van Wert, also known as Statewide

The following comparison was prepared by Sgt. Adam Sloan. Statewide won the state bid for law enforcement vehicles, the Dodge Durango. This is compared with pricing from our preferred vendor, Sarchione.

TOTAL \$46,223.00

- The Sarchione marked Durango pricing includes cloth bucket seats w/vinyl and a black left LED Spot Lamp which were required and for which there is no state bid pricing comparison. The total vehicle cost remains below the state bid cost.

Sgt. Sloan noted that Sarchione's system would only allow them to make adjustments to pricing in certain areas. Due to this, there are two sheets attached for Sarchione to show that the add-ons are below the state bid price.

Three marked vehicles and one unmarked vehicle from Sarchione \$184,722.00
